RE: 2022 Scholarship Applications & School Sponsorship

The Trudy McAlister Foundation (TMF) is honored to provide the ONLY non-profit scholarship program in the country to AOM schools and their students. With your support, we will be able to increase the amount we give your students.

This will happen when two things are accomplished:

- 1 Every school promotes this scholarship program to your students.
- 2 Your school becomes a sponsor of our AOM Scholarship program.

The deadline for getting us your top three student APPLICATIONS is JANUARY 15, 2022.

We are asking each school to please make a donation to our scholarship fund by becoming a 'School Sponsor'. Please build this donation in to your school's annual budget.

Student applicants who attend a school that supports our scholarship fund qualify to compete for an additional scholarship specifically earmarked for our top applicant from one of our School Sponsors. The amount of this scholarship will be based on the amount of money schools donate. Once all of the AOM schools are participating as sponsors, this will become our largest single scholarship that we provide to a student every year!

Additionally, we are seeking corporate sponsors. Golden Flower Herbs, for example, has been sponsoring an annual scholarship for several years. If you have relationships with any businesses that see the benefit of supporting AOM students, please help us connect with them.

Please share the application information with your student body. We look forward to receiving your school's top three applicants this winter. Make sure to let your students know that you've become a AOM Scholarship Fund School Sponsor and that it has qualified them for a chance at the additional scholarship opportunity!

Please complete and submit the attached AOM Scholarship Fund School Sponsorship Form.

Thank you for making a commitment to help us support your students, and all of the future scholars of Acupuncture and Oriental Medicine.

In Gratitude,
